

ENGINEERED BUILDING SYSTEMS ANNOUNCES ACQUISITION OF KASCAR HVAC SOLUTIONS

Engineered Building Systems (EBS) is proud to announce the acquisition of KASCAR HVAC Solutions, Inc. KASCAR HVAC Solutions has proven to be the market leader as a manufacturer's representative in the western Pennsylvania and West Virginia markets. EBS will maintain sales operations in Southpointe, located southwest of Pittsburgh, PA. EBS continues to expand our offerings and manufacturers we represent in the HVAC industry.

Since our inception in 2003, Engineered Building Solutions has developed into a well-established, leading provider of heating, ventilating and air conditioning equipment supplier in the commercial and industrial marketplace. We represent engineered manufacturer's product lines serving all industries including market sectors in healthcare, manufacturing, hospitality, K-12, and higher education.

EBS has expanded significantly in the past 15 years, adding additional sales offices in Allentown, Harrisburg and Philadelphia, PA and Syracuse, NY. EBS looks forward to the addition of the western Pennsylvania office.
